

Add the finishing touch.

Including fashionable, color-coordinated fascias will enhance both the form and function of your QMotion® Shades. Easily mounted either inside or outside the window width, fascias attractively conceal the shade system while adding to the light protection your shades were designed to provide. So they're pretty and practical, all in one.

- Choose from five standard colors: White, Silver, Sand, Bronze, and Black or fabric wrapped to match your shade.
- Fabric wrapped custom options available on request.
- Fabric wrapped options cover the entire front face and bottom face of fascia.
- All fascia orders include color-coordinated endcaps.
- All fascia include an integrated light-blocking strip at the top for full finish and optimal light management.

The décor is in the details, after all. Adding fascias completes the perfect picture of understated elegance and adds to the effectiveness of your QMotion® Shade System.
